

GETTING STARTED IN GOLF

If you're considering starting the game of golf, you are in the right place - Pennsylvania. The Pennsylvania Golf Course Owners Association (PGO) in cooperation with the National Golf Course Owners Association (NGCOA) is proud to offer some of the finest programs designed to help the beginner.

Making learning golf easy is the goal of the PGO and the Pennsylvania sections of the PGA.

Golf is a great game for individuals and families.

Numerous Pennsylvania courses have specific programs for juniors, beginning adults and anyone feeling unsure of their golf ability.

Please feel free to contact your course of choice and inquire as to their ability to meet your needs. Most courses welcome new golfers and are anxious to share their facilities and programs with players of all levels.

Pennsylvania owners and professionals welcome the opportunity to contribute their time, facilities and courses so juniors, amateurs, boys and girls and men and women of all walks of life can learn and play the game of golf. It is this passion for the game that gives these Pennsylvanians the devotion and enthusiasm to introduce the game of golf to residents and non-residents alike.

Many Pennsylvania golf courses offer free clinics or lesson packages for beginners. Most courses even offer loaner or rental clubs for beginners.

Our owners and professionals can also introduce you to other players with a similar skill level and experience. This is important because many times you may not know anyone who is a golfer. This is a fantastic way to find someone with the same interest and you will enjoy playing with.

Don't let the fact that you or a member of your family is new to the sport, come and enjoy the facilities and hospitality of Pennsylvania golf!
